

### TECHNICAL SPECIFICATIONS

| Feature       | Unit                 | Minimum limit | Standard | Maximum limit |
|---------------|----------------------|---------------|----------|---------------|
| Grams/meter   | g/sq.m               | 252           | 280      | 308           |
| Width         | inches               | 50            | 53       | ***           |
| Cutable width | inches               | 48            | 51       | ***           |
| Fabric Yield  | m/kg                 | 2.29          | 2.65     | 3.09          |
| Ounces/yards  | Oz/sq.yd             | 7.4           | 8.3      | 9.1           |
| Fiber content | 94% RAYON 6% SPANDEX |               |          |               |

#### Certifications

#### Additional comments about technical specifications

Larger width is not considered to be out of specification.

REST TIME 30 HOURS.

Style may contain barre.

Style may contain twist.

#### NCM

| PFD        | Off White/White | Dyed       | Printed    |
|------------|-----------------|------------|------------|
| 6004.10.41 | 6004.10.41      | 6004.10.42 | 6004.10.44 |

### DIMENSIONAL STABILITY

| Shrinkage after washing (Machine wash - dry flat %) | Length (%) | Width (%) |
|---|------------|-----------|
|   | 12         | 8         |

#### Additional comments about dimensional stability

The shrinkage value is an average between the batches produced and may be subject to change.

Do not leave dirty clothes together in a closed place for a long time, always keep separated in a cool and ventilated place.

Separate by light and dark colors. Use neutral soap. Do not twist.

Style subject to shrinkage of up to 12%.

### WASHING INSTRUCTIONS

- maximum temperature for the machine wash 40C (105F) / delicate gentle

- do not bleach

- dry flat

- maximum temperature for the iron heat 110C (230F)

- do not dryclean

Note - The symbols should appear in the following order: washing, bleaching, drying, ironing and professional dry cleaning.

### Additional instructions to use with care symbols

- Do not tumble dry.
- Do not wring.
- Iron with protective fabric over the style.

### STORAGE INSTRUCTIONS

- Do not hit the ends of the fabric (do not hit the top).
- Keep the packaging of the rolls until their end use.
- The identification of the rolls must always be kept.
- Stored textiles should not be exposed to the light. The exposure will compromise the fabric over time.
- Separate by batch.

### GENERAL COMMENTS

- Neon colors have low resistance to light and washing, they should not be mixed with other colors and / or fabric in the same piece, they should be washed separately.
- Iron with protective fabric over the style, to avoid seam marks of seams and brightness during ironing.
- Remove the excess water without twisting, the style crumples easily.
- The washing mode is performed on the fabric, but after the fabric is converted into clothing, it must be evaluated (clothing appearance, use of other fabrics, use of interfacing / interlinings, etc).
- Be careful of the fabric getting in contact with abrasive surfaces, yarn may be tugged.
- Do not mix batches.
- Claims will be accepted within 15 days after receipt of the goods.
- All tests mentioned above were performed through NBR, ISO, AATCC standards and / or internal standards.
- It is essential to inform the purchase order, the intention to mix light and dark colors in the same piece.
- It is recommended to perform solidity tests before cutting if you are going to mix light and dark colors in the same piece.
